Amazon com Customer reviews Jump Attack the Ultimate

Jump Attack is not what Tim Grover did with his NBA athletes. There's next to no lower body lifting except in the last 4 weeks, it's just a bunch of long isometric holds (which are hard to do I will say) and some plyos. Not a bad program, but just out of date. It will probably make most people jump a little higher just bc of the high adaptation required, but your legs won't get much stronger
